

## Brain Builders

Choose one Brain Builder task to complete each week.

Over the term, you need to choose at least:

- 2 Maths Brain Builders
- 2 English Brain Builders
- 2 Topic Brain Builders

Each Brain Builder is worth a different number of points, depending on the type of task:

<p><b>Knowing – 5 points</b></p> <p><b>Understanding – 10 points</b></p> <p><b>Creating and Applying – 15 points</b></p> <p><b>Analysing and Evaluating – 20 points</b></p>
---

In order to collect the points, work must be completed to a high standard.

Your points will be totaled at the end of the term and added to your House total; the House who has added the greatest number of Brain Builder points will get a non-uniform day at the end of term.

You will still receive 1 House Point each Wednesday when you return your Brain Builder.
