

## Woodpecker Class

### Newsletter

#### Term 4

Welcome back! I hope you and your family had an enjoyable half-term break.

This term, we will be starting a brand new question:

### Who were they?

When exploring this question, we will be learning about what life was like in Ancient Egypt. We will be researching how they lived, investigating how they made the pyramids and making our own Canopic jars. In Science, we will be starting a brand new topic of light. During this topic, we will be investigating shadows and different sources of light. In Maths, we will be converting different lengths before moving onto fractions.

This term, Woodpecker Class will not be swimming. PE lessons will take place on Wednesday and Friday mornings.

If you wish to discuss your child's learning, please come and speak to me.

Miss Nelson

Any additional support at home is greatly appreciated, especially with the following:

- **Spellings** for the whole term can be found on the back of this newsletter.
- This term, we will be focusing on the **6 and 7 times tables**.
- **Brain Builders** are taken home on a Friday and returned on Wednesdays. There is an expectation that these are completed to the child's best ability.

#### Dates for your diary

##### **Thursday 28th February**

Community cooking—you will be invited to join your child at the end of the day to share a meal. A separate letter has been sent out to inform you of the details.

##### **Monday 11th —Friday 15th March**

Science Week

##### **Thursday 21st March**

E-Safety presentation by Woodpecker Class

##### **Wednesday 27th & Thursday 28th March**
