

Covid Catch-up Premium Strategy 2020/21

At the end of the last academic year the Government announced a 'Covid Catch-Up' fund to help those pupils adversely affected by Academy closures and the impact of Covid-19. When planning for this spend we took a number of factors into consideration; ensuring children can catch up or mitigate against any lost learning time, ensuring pupils are reaching at least Age Related Expectations and achieve Academy targets. We have reviewed the Education Endowment Foundation – Covid-19 Support Guide for Schools to allocate the catch-up premium effectively. The proposed Covid catch-up budget has been analysed and signed off by the Academy's Governing body. The impact will be monitored and reviewed throughout the year by the Governing Body and Academies Director.

Total Covid Catch-Up Premium allocated: £13,200
